

## Parade Information

- Your entry (except for the high school bands) should meet at the Centennial Beach Parking Lot. That is where you will step-off from.
- Access to the Centennial Beach Parking Lot will be cut-off after 9:45 AM-your group should arrive prior to that time especially if you need to stage a float or vehicle
- If someone in your entry needs assistance getting from the drop-off to the staging area, a golf cart will be available
- There is NO PARKING at the VFW or staging areas
- Band Directors-check the website for bus routes and pick-up/drop-off info. (same as last year)
- The parade will start at 10:30 AM
- NO THROWING OF CANDY AT ANY TIME
- NO DISTRIBUTION OF ANY ITEMS AT OR ALONG THE PARADE ROUTE, INCLUDING THE STAGING AREA
- Your entry must have a large, obvious sign with your unit number displayed. This is for the announcers.
- At the end of the parade, please move out of the way as quickly as possible. This is for the safety of your people and the marchers right behind you.
- *Remember, we are all marching to pay tribute to our nation's heroes. If any part of the parade process becomes challenging, remember this: We are not suffering or sacrificing nearly as much as the people for whom we are marching!*

## Rain Policy

The decision to cancel the parade is made by the Naperville Police Department just prior to the parade. The intent is to march unless rain is very bad or the weather is dangerous. No email announcement will be sent, as the decision will be most likely be made at the last minute. If the decision comes early, we will post it on this site.

## Emergency Plan

Please familiarize yourself with the attached Emergency Plan
